OBJECTIVES

To pursue a challenging career with dedication and provide my services to the fullest in a professional organizational environment wherever I serve in order to improve my skills and expertise and also to provide value to the organization I serve.

WORK EXPERIENCE

SWIRGE | FRONTEND DEVELOPER

Abuja | September 2021 – Date

- Worked with a team to develop the onboarding page of the company's product, Swirge.com.
- Replicated design prototypes and implemented them on the web.
- Participated in meetings to brainstorm and improve the quality of the company's product.

AFRICA BUSINESS INTELLIGENCE | MOBILE & WEB DEVELOPER (Contract)

Victoria Island, Lagos | September 2021 – October 2021

- Worked on the mobile and web version of one of the company's numerous project.
- Implemented Ecobank's and Credo's payment gateways on the application to enable users purchase goods and make subscriptions.
- Helped fix bugs and solved technical problems.
- Organized and participated in meetings (external and internal)

SOLATIUM LIMITED | FRONTEND DEVELOPER

Ontario, Canada | May 2021 – September 2021

- Collaborated with a team of designers and engineers to develop the company's product.
- The product was an online currency exchange platform, where people could easily exchange different currencies
- Worked on the client side of the application, designing the user's profile page, KYC (account verification) workflow, ensuring that I came up with a pixel perfect version of the prototype given by the designers.
